Compact and flexible baler - fits where you need it!

Orwak 3105 is perfect for companies with small amounts of packaging waste. Model 3105 is the smallest front loaded baler in Orwak's assortment. The low height in combination with the small footprint make Orwak 3105 fit where you need it to be! It is a small but effective baler and it gives a volume reduction of 5:1!

Adjustable bale size

The cardboard bales weigh up to 65 lbs. and are easily handled with the Orwak bale trolley. Orwak 3105 offers adjustable bale length in three different sizes for more flexible waste management.

Silent operation contributes to a better working environment

Due to a new type of hydraulics, Orwak has introduced "the silent family" - a line of balers with low sound emission. A silent operating machine contributes to improving the working environment.

Pocket for operating manual

Transparent covers for strap reels

Integrated door lock handle

New aesthetic design
