FR600	IPS600 series	10 lb.

Special Application and Industrial model shredders are an IPS staple! The talented engineering staff and product development team at IPS have built a reputation on tenacious shredder systems design; strip cut, cross cut, and knife-mill disintegrator/granulator style cutting head configurations.

Whether for security purposes or general recycling; be it paper or plastics, film or fiche, IPS has a shredder solution for any application.

IPS WARRANTY: 1 year on defective parts and labor from date of receipt ; limited lifetime warranty on primary cutters and cutter shafts, except D.O.D. spec high security models, RC, B, and crusher model shredders/knifemills. Does not cover normal wear and tear. Warranty void on all models for operator abuse, misuse, neglect, or alteration (modification) to shredder/disintegrator or any of its components.
