

Special Application Industrial Shredders

• Knife Mill Disintegrators

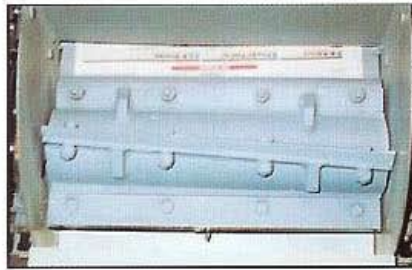

IPS 16 Combo IPS 20 Combo IPS 40 Combo

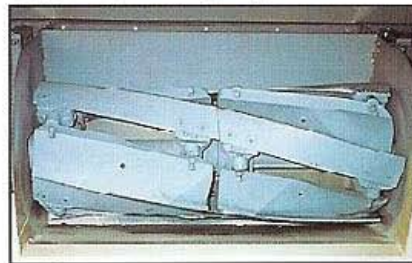

"Combo" series disintegrators

IPS knifemill disintegrators have evolved throughout the company's one hundred forty some years of business. Built for applications ranging from paper, plastic and corrugated, to wire, metal and newspaper for animal bedding, IPS has provided solutions to thousands of reduction requirements for recycling and security purposes. Special Application and Industrial model shredders are an IPS staple! The talented engineering staff and product development team at IPS have built a reputation on tenacious shredder system design; strip cut, cross cut, and knifemill disintegrator/granulator style cutting head configurations. IPS has a shredder solution for any application.

"B" Series Crushers

The addition of a heavy top conveyor which exerts powerful pressure to flatten the heaviest of cartons. The pinch style conveyor system breaks down corrugated material and PET and PVC beverage containers and force feeds them into the shredder. Ideal for recycling applications and creating packaging materials.
